Product Focus

FireShield QuickClamp Tee

Assemblies & Fittings

Hose Master is pleased to introduce QuickClamp Tee assemblies and fittings to its array of QuickClamp products. QuickClamp assemblies make tight flex connector installations as easy as possible. Offered with a multitude of end connections and custom hose lengths, FireShield QuickClamp assemblies offer installers the ability to fasten one or both ends of a connector within a piping system with minimal use of tools - eliminating timely labor costs and increasing profits.

QuickClamp Tee Assemblies

NEW
